We all know that sites such as YouTube and MySpace have a huge video following and millions of visitors a day. People can sit on there all day long watching videos. This is powerful stuff! Just think of the traffic you can drive to your sites using video sites such as these.

You may also have loaded your videos one at a time to these sites. This takes time, a lot of time. You may have spent many hours uploading videos.

Viral Submitter Pro Software is a savior when uploading videos on the net. You can fill in some information and then press a button. **Then BAM!!!** Your one video is now on many different free video sites. This can generate a lot more people to your sites. The numbers could be from hundreds to thousands. It can be a time savor and a money maker.

"I have had a few videos go viral and increase my business. What I do not like is posting these videos one by one to all of the video sites. Viral Submitter will save me a lot of time and increase my back link authority. It cannot come soon enough!"

## Posting to Article Directory Sites

Press releases work well for both back links and creating a buzz about your topic of choice. If a major news company gets a hold of your story, it could be around the world like wildfire in a matter of days. Press releases are a must for your chance of getting your site to go viral. You can possibly get your site to go viral with Viral Submitter Pro and reap the benefits of press releases!

"Press releases are expensive and time consuming especially when I have a few website that I have to devote a lot of attention to. This will save me a lot of time by automatically submitting my presses releases to hundreds of news outlets. It will also increase my chances for my press releases to go viral as I will be able to create more releases because I will have more free time! My competitors are going down. Viral Submitter Pro is making me excited beyond belief."

## Posting to High PR Sites

[caption id="attachment\_24" align="alignright" width="300" caption="High PR Viral Submitter Pro"][/caption]

What many search engine optimization companies hate to do the most is submit their links to high PR or page ranked sites. You have to create your profile and then add your links manually. Heck, I hate it too. Getting your links on these websites can help you a lot and make you an authority figure on your niche. Posting your links to these sites will help you more than you will ever know and this is where the Viral Submitter Pro will come into play. It will help not only create these profiles but submit your links to these sites. This will give you major link juice and website popularity. Who knows, this may just get your website to number one in your niche!

"Viral Submitter Pro is going to be an amazing piece of software! If I can post my customer sites to high PR sites in no time at all, it will give me more time to do onsite SEO services. I much rather be doing that than boring creating profiles and then posting links!"

## Social Bookmarking Sites
